SCHOOL AGE POLICIES

Important Safety Information

YOUR CHILD'S SAFETY IS
PRIORITY #1

Your child's safety is our top priority. Please review the following safety information and rules and talk about them with your child.

When your child is participating at the Club in a program area, they are within eyesight of a staff member. This is not the case for closed activity areas. Kids can tell when a room is closed because the door is closed and the lights are off. Not every program area at the Club is open 100% of the day because we staff our facilities based on the number of children in the building. For example, the arts and crafts room or gymnasium may close. Closing some rooms helps keep kids together and well-supervised in the open rooms. Children must not enter rooms that are closed. As in schools and most facilities running programs for youth, staff are not positioned in the restroom. Staff members at the Boys & Girls Club do regular checks of the restrooms throughout the day, but there is no adult supervision 100% of the time in the restroom.

Parents can help the Club make sure their children are always safe by reinforcing the following rules:

- Do not enter a closed activity area. Closed doors and lights off are key indicators of a closed area.
- Areas of the building that are not part of the program area should be considered "closed" and off limits, like corners of the building, stairways, ramps, etc.
- Do not enter or linger in closed program areas.
- Do not linger or play in the restroom. Enter the restroom, do your business and leave.
- Never enter a closed program area or bathroom stall with another Club member or adult. Closed areas are just that: CLOSED. Stalls are for one person at a time only.
- Tell a staff member immediately:
 - If a Club member or adult asks you to enter a closed program area or bathroom stall.
 - If you ever see Club members alone in a closed program area or more than one child in a restroom stall.
 - If anything ever makes you feel scared, unsafe, or uncomfortable.

Please review the Club's safety brochure, available in the front office, for more helpful tips about keeping your child safe at the Club and at home. Most importantly, make sure your child is comfortable talking to you about anything that might be on their mind.

Any member pick up situation which leaves the member's welfare in question will be handled at the discretion of the Club's staff. It is not the Club's responsibility to enforce court orders.
24. The Boys & Girls Club has a policy of zero tolerance for violence and sexual harassment. If anyone engages in any sexual harassment at the Club, violence at the Club, or threatens violence at the Club, his or her membership will be terminated immediately.

CHILD DEVELOPMENT PRESCHOOLS' MISSION STATEMENT

Our mission is to inspire and enable the healthy development of all young children, especially those who need us most, to realize their full potential as productive, responsible, and caring members of the community. We strive to provide an age appropriate learning environment that will enhance the child's physical, emotional, social, and cognitive development. It is our goal that every child that completes the preschool program will be prepared to succeed in kindergarten and beyond. To achieve this mission, we implement an educational curriculum that is developmentally appropriate for each child's needs and abilities.

PHILOSOPHY

The Learning Center Child Development Preschool and the Robert Mayer Child Development Preschool provide opportunities for children to develop emotionally, socially, physically and cognitively. We believe in an atmosphere in which each child is respected and free to experiment and investigate, free to have individual ideas, and free to master those ideas in a planned environment. Children learn the pleasures of doing things for themselves, and thus develop a positive self-concept. Our program sets limits to help children learn safety, value of property and respect for the rights of others. We do not attempt to bring about quick changes, rather we believe that with parent cooperation, positive learning experiences will establish a foundation for each child's personal achievement.

PROGRAM GOALS FOR CHILDREN AND FAMILIES

The Preschools are dedicated to providing the support and programming necessary for the care, education and growth of your most precious gift: YOUR CHILD.

Our goals are to:

- Create an atmosphere that encourages your child to have a healthy and full life.
- Plan an environment using sound principles in early education and development.
- Respect your child as a developmental whole.
- Provide age appropriate growth and learning opportunities.
- Prepare your child for success in kindergarten and beyond.

PRESCHOOL

Philosophy & Curriculum

CURRICULUM

Our curriculum is designed to give children the opportunity to explore a range of developmentally appropriate activities within a warm and supportive environment. We believe that children who are encouraged to develop a positive self-image (self-worth) will develop new skills at their own pace. To help children develop the skills they need to be ready for success in kindergarten, classrooms have weekly lesson plans that guide children's play and activities. Developmentally appropriate lesson plans are built around essential content areas including: social-emotional development, physical development, language development, and cognitive development topics like early literacy, early mathematics, science, technology, creative expression and appreciation for the arts, health and safety, and social studies. The goal of the Preschools' curriculum is to prepare children for success in school and in life.

INFANT AND TODDLER PROGRAM AGES 6 WEEKS TO 3 YEARS

The Infant and Toddler Programs offer a loving, caring, and nurturing atmosphere for children from ages 6 weeks to 3 years. Children are provided with a stimulating environment. Educational learning experiences are designed following age-appropriate curriculum guidelines for the child's total development.

At the same time, respectful and trusting relationships are established between children, families and caregivers.

SAFE INFANT SLEEP

Infant Room Staff will assure that infants who have not reached 18 months are always placed on their backs for sleep.

PRESCHOOL PROGRAM AGES 3-6, FULLY POTTY TRAINED

A typical daily schedule will include circle time, art, nutritious snack, outdoor play, music, story time, activity centers, quiet time, and indoor play. Following curriculum guidelines for these age groups, activities include creative art, music and movement, physical and natural science, language arts, gross and fine coordination skills, listening experiences, dramatic play, and special events.

PRESCHOOL

Philosophy & Curriculum

Children eat lunch at 12:00PM and rest time begins at 1:00PM for pre-school and 12:15PM for toddlers. Afternoons consist of a planned program of indoor and outdoor activities, individual and group experiences, and nutritional snacks provided by the Club.

INCLUSIVENESS

The Preschools are committed to providing an all-inclusive program for your children, including children with special needs. In adherence to the Americans with Disabilities Act (ADA), our program does not discriminate based on a child's disability, and we strive to offer reasonable accommodations to enable children with disabilities to be fully included in the program.

PRESCHOOL

Preppy K and Transitional Kindergarten (TK)

PREPPY K

Our Preppy K program advances children in preparation for our Transitional Kindergarten (TK) classroom. The program builds on a curriculum that aligns with the Preschool Learning Foundations and developmentally appropriate practices for pre-academic success in our TK program. These standards help develop each child's independence, confidence, fine motor skills, and social-emotional well-being. Preppy K provides our 3 ½ to young 4's with the gift of time, enabling them to begin TK ready to thrive.

TRANSITIONAL KINDERGARTEN (TK)

The Preschools offer the perfect opportunity for 4 ½ to 6 year olds who do not yet meet the age requirements to attend Kindergarten: Transitional Kindergarten, commonly called TK.

Our TK classrooms follow the state Transitional Kindergarten guidelines including the California Preschool Learning Foundations and Curriculum Framework and the Common Core Standards set by the California Department of Education. To help every child reach the goal of being ready to succeed in school, our teachers plan curriculum that helps children develop social, emotional and academic skills. The TK curriculum includes language, literature, STEM activities (Science, Technology, Engineering, & Math) designed for young learners, health and safety, artistic expression and appreciation, music and movement, handwriting, motor skills development, social skills development and much more.

Our TK classrooms have a low 1 to 12 teacher to child ratio. That means your child will get the attention they need and deserve.

The TK program follows the same extended day, year-round calendar as all of our other programs at the Preschools. Working moms and dads can count on quality, educational care from 7:00am – 6:00pm, Monday – Friday. At this time, the TK program is only available for full-time enrollment, five days per week.

VOLUNTEER OPPORTUNITIES

The Boys & Girls Club of Huntington Valley is dedicated to empowering and supporting the youth in our community, but we cannot do it alone. We are currently seeking volunteers to help us with various projects that will make a difference in the lives of young people.

Sports League Coaches

If you are an athlete or simply love sports, consider volunteering as a coach! By sharing your skills and knowledge, you can help inspire our young athletes and teach them the value of teamwork and sportsmanship.

Mailing Assistant

The Club needs volunteers who can help with preparing mailings during regular business hours from 8am - 5pm. This might not seem like the most glamorous job, but it is an essential part of our outreach efforts.

Afterschool Homework Helper

If you enjoy working with children and have a talent for teaching or tutoring, we would love to have you join our afterschool homework help program. Your support can make a big difference for a student struggling in school.

No matter which project you choose, your time and effort will be greatly appreciated. Together, we can give youth the support they need to build their great future.

*Thank you for considering volunteering with us!
